TABLE OF CONTENTS

1. INTRODUCTION

This document provides the step-by-step process for a Constitutional Officer to submit an annual budget request to the Compensation Board as required by Section 15.2-1636.7, <u>Code of Virginia</u>.

CURRENT ENVIRONMENT:

Constitutional Officers make their budget requests in the month of January and must be submitted to the Compensation Board by February 1 of each year. The Compensation Board reviews each request and approves a budget for each Constitutional Officer by May 1st of each year based upon total funding approved by the General Assembly.

TECHNICAL SOLUTION:

The COIN Budget Request module will incorporate industry standard function key usage. Screen headings, navigation, and error messages will be uniform through out the COIN system. Where necessary users will have the ability to scroll forward and backward using the Function (F) F7 and F8 function keys. Budget Request Totals will also be available from any screen through the F4 Function key. Other standard function key assignments are F1 – Help, F3 – Exit, and F12 – Cancel.

COIN PAY POLICIES AND PRACTICES:

Information regarding Compensation Board policy changes governing pay practices was provided to Constitutional Officer's in November 2004. This information may be accessed on the Compensation Board's website, <u>www.scb.virginia.gov</u>; click on COIN.

OPTION #7, RECORD WORKLOAD INFORMATION

320 – COMMONWEALTH'S ATTORNEYS

The Commonwealth's Attorneys DO NOT submit WORKLOAD INFORMATION to the Compensation Board via the Online Budget Request. The data used will be as reported from the Supreme Court of Virginia and the Virginia Sentencing Commission. The criteria and methodology for allocating new Assistant Commonwealth's Attorneys in Commonwealth's Attorney's offices has been set as follows.

- The position (or positions) must be requested by the Commonwealth's Attorney as part of the Compensation Board annual budget request process.
- The basis of the request must be only the statutorily prescribed duty of the prosecution of felonies.
- Funds and positions must be appropriated by the General Assembly.
- The Compensation Board will use the staffing methodology and weighted three-year average workload criteria developed by the Virginia Association of Commonwealth's Attorneys (VACA), to determine the appropriate level of Compensation Board assistant Commonwealth's Attorney support for each office requesting additional positions.
- The Compensation Board shall determine the number of additional positions to be allocated to any one office based upon criteria 1-4, inclusive, and additional positions shall be allocated in the order of percentage of need, where the offices with the highest percentage of need will receive positions first. The percentage of need is determined by calculating the percentage that the number of additional positions needed is of the total number of current positions.
- The formula calculates the sum of a three-year average of felony defendants plus a three-year average of sentencing events, resulting in an average total workload figure. The workload figure is divided by a specified factor that has been devised to take into account economies of scale in larger offices, with the result being the total number of attorney positions due in the office.
- The data elements are as follows:
  - ✓ 3-Year Average Defendants Data is the average of the number of felony defendants in the Circuit Court for each locality for the three most recent calendar years, as reported by the Supreme Court
  - ✓ 3-Year Average Sentencing Events is the average of the number of felony sentencing events in the Circuit Court for each locality for the three most recent calendar years as reported by the Virginia Sentencing Commission
- Offices are grouped based on the size of the office (determined by the average total workload figure), and assigned an escalating workload factor assuming economies of scale. Compensation Board funded part-time assistant Commonwealth's Attorneys (i.e., eligible to engage in private law practice) are to be considered as 0.5 of a F.T.E. position for staffing standards purposes, instead of as 1 F.T.E. position.

	Range of Workload Totals (avg defendants + avg sentencing events) per Office Size	Factor
SUPER	3,000+	125
LARGE	1,000-2,999	100
MID	300-999	85
SMALL	0-299	70

- The formula is as follows:

# of Attorneys = Workload Total (3-yr avg felony defendants + 3-yr avg sentencing events) / Factor

NOTE: **Each Commonwealth's Attorney should review Workload Data for his or her office on the Compensation Board website at www.scb.virginia.gov .**

OPTION #7, RECORD WORKLOAD INFORMATION

321 – CLERKS OF THE CIRCUIT COURT

321 – CLERKS OF THE CIRCUIT COURT
WORKLOAD DEFINITIONS

1. **CRIMINAL CASES:** Criminal cases commenced as reported on the monthly caseload reports. If the caseload reports are properly prepared, each count in the indictment is a separate case and each reinstatement is a separate case. Some of the work included is setting up the file and docket; summoning the grand jury and grand jury witnesses; issuing capiases; determination of indigence; receiving all papers filed; attending all hearings; processing all orders; summoning trial jurors and witnesses; securing exhibits; payment to jurors and witnesses; allowing the public and press access to case papers; keeping track of court reporter cost and recordings; keeping track of court-appointed attorney cost; computing fines and costs; collecting fines, costs and restitution; debt set-off processing; communicating with prisoner, DMV, Department of Corrections and Probation and Parole office; preparing record for appeal to higher court; filming and indexing orders and maintained files.

2. **LAW CASES COMMENCED:** Law and chancery cases commenced as reported on the monthly caseload reports. (Same as below)

OPTION #7, RECORD WORKLOAD INFORMATION

**321 – CLERKS OF THE CIRCUIT COURT
WORKLOAD DEFINITIONS**

3. **LAW AND CHANCERY**: Law and chancery cases commenced as reported on the monthly caseload reports. Counted at the time filed even though the case may remain on the docket for years. Any trust fund administration is included as part of the original case and not as a separate case. Reinstatements are counted as separate cases. Law cases on the average take more of the clerk's time than chancery because chancery cases rarely require a jury and may are decided in chambers on written depositions.

4. **WILLS/ESTATES INITIATED:** A file opened for a decedent, a trust or a person under a disability, counted only at the time the file is initiated and not re-counted at the time of subsequent transactions. This should include affidavits of intestate transfer. A single case may involve the probate of will, the qualification of an executor, recording a bond, recording list of heirs, certificates of qualification, recording final accounting, and perhaps many interim accounting, perhaps qualification of administrator, c.t.a., d.b.n., recording affidavit of probate notice, show cause orders and court hearings on delinquent fiduciaries; and writing clerk's order associated with any of the above. At the other extreme, a case MAY BE NOTHING MORE THAN THE RECORDING AND FILING OF AN AFFIDAVIT OF INTESTATE TRANSFER.

5. **JUDGEMENTS/ADMIN LENDS/NOTICES:** All court judgements and administrative liens and notices required to be recorded in the judgement lien docket. Only original judgements are counted. The work involved includes receiving the judgement with fee at the counter or through judgement worth fee at the counter or throughout the mail, and logging it in; filming or typing the judgement in the docket book according to local practice; maintaining an up-to-date index, assisting the public in determining what is on their record; and recording assignments and releases.

6. **DEEDS RECORDED**: Each separate instrument recorded in the land records. When more than one instrument is included in a single document recorded, they can be counted separately.   The work involved includes computing the fees and taxes and collection payment; logging into the instrument; filming and indexing; maintains the land records for use by the public, and providing transfer.

7. **FINANCING STATEMENTS:** Only original filings are counted. Continuation and termination statements are considered part of the same case.

8-11 **FICTITIOUS NAME, MARRIAGE LICENSE, NOTARY QUALIFIED, GAME LICENSES:**
Count each activity that occurs, except for game licenses count only those licenses issued for which the clerk receives the $.50 fee. In some clerks' offices these transactions are almost insignificant in the total office workload. However, each is another measure of how busy an office is, and some offices may do inordinate amounts of some types of transactions and should get credit for this work.

12. **CONCEALED HANDGUN PERMITS:** Each application filed, whether approved of not and including any transfer from another jurisdiction. The court reported should be consistent with the number reported on the monthly caseload statistics reports.
